M.Phil (LAW) PROGRAM

PROGRAM/PROGRAM SPECIFIC OUTCOMES

M.Phil. being a research degree program, the students are expected to develop their research capabilities and skill by the time course is completed. These research abilities shall not only develop them in conducting theoretical/class room research, but by the completion of the program, they shall stand on the platform that makes them suitable candidate for professional/real life research relating to law and other professions. Further, they shall also develop their aptitude to be adaptable to academic and other related fields. Also, their thinking and analytical skills shall increase considerably, they shall also be knowledgeable about recent and emerging trends concerning Law discipline.

COURSE/LEARNING OUTCOMES

S. NO.	COURSE CODE	COURSE TITLE	COURSE/LEARNING OUTCOME
1	11	Research Methodology	At the completion of the course, the scholars are expected to: 1. Have fundamental knowledge of conducting

			research work. 2. Develop the ability of framing the research methodology for conducting research in Law Discipline. 3. Be knowledgeable about the tools applicable for collecting the required information and data and their analysis. 4. Generate the fundamental awareness about writing a research report.
2	12	Review of Published Research	At the completion of the course, the scholars are expected to: 1. Generate the ability to identify the various sources of literature review as applicable to his research work. 2. Generate the fundamental ability of conducting literature review for conducting research in Law Discipline. 3. Develop the ability of summarizing the findings on the basis of literature review conducted in course of conducting research in Law Discipline.
3	13	Computer Applications	At the completion of the course, the scholars are expected to: 1. Generate the ability to identify various operations and functions of computers which are useful in conducting research work. 2. Generate the fundamental ability of using various operations and functions of computers in conducting research in Law Discipline.
4	14	Recent Trends in Law	At the completion of the course, the scholars are expected to be : 1. Knowledgeable about the various recent and emerging trends relating to Law Discipline. 2. Generate the fundamental ability of understanding the implications of recent and emerging trends on Law Profession, Society and related research and development.

Ph.D. (LAW) PROGRAM

PROGRAM/PROGRAM SPECIFIC OUTCOMES

M.Phil. being a research degree program, the students are expected to develop their research capabilities and skill by the time course is completed. These research abilities shall not only develop them in conducting theoretical/class room research, but by the completion of the program, they shall stand on the platform that makes them suitable candidate for professional/real life research relating to law and other professions. Further, they shall also develop their aptitude to be adaptable to academic and other related fields. Also, their thinking and analytical skills shall increase considerably, they shall also be knowledgeable about recent and emerging trends concerning Law discipline.

COURSE/LEARNING OUTCOMES

S. NO.	COURSE CODE	COURSE TITLE	COURSE/LEARNING OUTCOME
1	11	Research Methodology	At the completion of the course, the scholars are expected to: 5. Have fundamental knowledge of conducting research work. 6. Develop the ability of framing the research methodology for conducting research in Law Discipline. 7. Be knowledgeable about the tools applicable for collecting the required information and data and their analysis. 8. Generate the fundamental awareness about writing a research report.
2	12	Review of Published Research	At the completion of the course, the scholars are expected to: 4. Generate the ability to identify the various sources of literature review as applicable to his research work. 5. Generate the fundamental ability of conducting literature review for conducting research in Law Discipline. 6. Develop the ability of summarizing the findings on the basis of literature review conducted in course of conducting research in Law Discipline.

3	13	Computer Applications	At the completion of the course, the scholars are expected to: 3. Generate the ability to identify various operations and functions of computers which are useful in conducting research work. 4. Generate the fundamental ability of using various operations and functions of computers in conducting research in Law Discipline.
4	14	Recent Trends in Law	At the completion of the course, the scholars are expected to be : 3. Knowledgeable about the various recent and emerging trends relating to Law Discipline. 4. Generate the fundamental ability of understanding the implications of recent and emerging trends on Law Profession, Society and related research and development.
